

Q 1. In a ULIP after how many policy completion years does the surrender penalty become zero ?

- ☐ 1 year
- ☐ 2 years
- ☐ 3 years
- ☐ 4 years
- ☐ 5 years

☒ UnAttempted

CORRECT ANSWER:

5 years

Explanation:

In a ULIP the surrender penalty becomes zero is after completion of a period of 5 policy years.

Q 2. In a _____, the payment made by the insurance company depends upon the performance of the investment option that is chosen by the annuitant

- ☐ Fixed Amount annuity
- ☐ Variable Return annuity
- ☐ Fixed annuity
- ☐ Immediate annuity
- ☐ Guaranteed annuity

☒ UnAttempted

CORRECT ANSWER:

Variable Return annuity

Explanation:

In a variable return annuity, the payment made by the insurance company depends upon the performance of the investment option that is chosen by the annuitant. In a variable annuity plan, the investments are generally made in mutual funds, money market instruments, stocks and bonds.

The variable annuity helps the annuitant to participate in the growth of the investment avenue chosen.

Q 3. In case of LIC, to continue holding the agency for the next year, what is the minimum number of lives that the agent should insure ?

- ☐ Ten lives anytime throughout the year
- ☐ Twelve lives anytime throughout the year
- ☐ Twenty four lives anytime throughout the year
- ☐ Compulsorily one life every month
- ☐ There is no minimum requirement to retain agency

☒ UnAttempted

CORRECT ANSWER:

Twelve lives anytime throughout the year

Q 4. In assignment, if the policy is assigned to a minor then _____ has to be appointed.

- ☐ An agent
- ☐ An appointee
- ☐ A guardian
- ☐ An assignor
- ☐ A legal heir

☒ UnAttempted

CORRECT ANSWER:

A guardian

Explanation:

In assignment, if the policy is assigned to a minor then a guardian has to be appointed.

Q 5. Under which method do the employers pay gratuity to the employee, when he leaves the company, from the current year revenues ?

- ☐ Internal reserve method
- ☐ Internal trust
- ☐ Group gratuity scheme
- ☐ Pay as you go method
- ☐ Exit Gratuity scheme

☒ UnAttempted

CORRECT ANSWER:

Pay as you go method

Explanation:

Under the pay as you go method, the employers pay gratuity to the employee when he leaves the company, from the current year revenues.

Q 6. The one-time bonus that is provided for long term policies, on maturity or death of the insured is known as _____.

- ☐ Terminal bonus
- ☐ Simple reversionary bonus
- ☐ Compound reversionary bonus
- ☐ Interim bonus
- ☐ End Bonus

☒ UnAttempted

CORRECT ANSWER:

Terminal bonus

Explanation:

Terminal bonus is the one-time bonus provided for long term policies, on maturity or death of the insured.

Q 7. Mr. Gautam has bought a term insurance policy for a period of 25 years. When can the insurance company ask Mr. Gautam for proof of continued good health ?

- ☐ When Mr. Gautam changes his occupation
- ☐ At the time of survival benefit
- ☐ At the time of revival
- ☐ When ever the policy riders are changes
- ☐ At no point of time

☒ UnAttempted

CORRECT ANSWER:

At the time of revival

Explanation:

Under some circumstances of revival of a policy, the insurance company can ask for a 'Declaration of Good Health' .

Q 8. Who is responsible to use sound judgment to go beyond the facts and get a true and clear picture of life assurance proposers lifestyle ?

- ☐ The Agent to meets the proposer
- ☐ The Insurance Company
- ☐ IRDA
- ☐ The Underwriter
- ☐ The Evaluator

☒ UnAttempted

CORRECT ANSWER:

The Underwriter

Explanation:

In life insurance the Underwriter will review all the information disclosed on the proposal form, personal statement, the report of the agent and officials and the medical reports to arrive at their decision.

Q 9. 'Boiler and Pressure plant insurance' is best described as _____ .

- ☐ It covers damage caused by explosions of boilers or pressure plants, to the plant, to surrounding property of insured and to third parties
- ☐ It covers risks related to accidents of any kind
- ☐ It covers loss of or damage to ocean going ships and other vessels
- ☐ It deals with insurance of motorized vehicles on road
- ☐ It covers fire, burglary, machinery breakdown etc

☒ UnAttempted

CORRECT ANSWER:

It covers damage caused by explosions of boilers or pressure plants, to the plant, to surrounding property of insured and to third parties

Explanation:

Boiler and Pressure Plant: these policies cover damage (other than by fire) caused by explosions (boilers or pressure plants) to the plant, to surrounding property of the insured and to third parties.

Q 10. A change in _____ will be a reason due to which the insurance companies can increase the premium amount.

- ☐ IRDA rules
- ☐ Company rules
- ☐ Mortality rates
- ☐ Foreign exchange rates
- ☐ Inflation

☒ UnAttempted

CORRECT ANSWER:

Mortality rates

Explanation:

Mortality tables are used by insurance companies for calculating premiums for insurance products. Any change in mortality rate will lead to an change in the premium.

Q 11. Insurance companies use Diversification to protect themselves against _____ .

- ☐ Concentration of risks
- ☐ The law of large numbers
- ☐ Parameter changes
- ☐ Moral hazards
- ☐ Correlated risks

☒ UnAttempted

CORRECT ANSWER:

Correlated risks

Explanation:

Correlated risks are homogeneous risks requiring diversification and law of large numbers.

Q 12. In Unit Linked Insurance Plans (ULIP), the investor can make partial withdrawals only after _____ years.

- ☐ 2
- ☐ 3
- ☐ 4
- ☐ 5
- ☐ 7

☒ UnAttempted

CORRECT ANSWER:

5

Explanation:

Partial Withdrawal is allowed only after completion of 5 policy years and not before that.

Q 13. In which category will the breach of duty of utmost good faith fall into ?

- ☐ Concealment
- ☐ Non disclosure
- ☐ Mis-representation
- ☐ All of the above
- ☐ None of the above

☒ UnAttempted

CORRECT ANSWER:

All of the above

Explanation:

Complete disclosure of material facts and representation is required for utmost good faith.

Q 14. When is withdrawal not allowed ?

- ☐ During Login period
- ☐ During safety period
- ☐ During vesting period
- ☐ During maturity period
- ☐ During lockin period

☒ UnAttempted

CORRECT ANSWER:

During lockin period

Explanation:

Lock in period is that period which was earlier 3 years now stands raised to 5 years. During this period no withdrawals are permitted

Q 15. In which of these options is the Deferment Period applicable ?

- ☐ Mutual Funds
- ☐ Children plans
- ☐ Unit linked insurance plans
- ☐ Joint life plans
- ☐ Marriage plans

☒ UnAttempted

CORRECT ANSWER:

Children plans

Explanation:

Child Insurance Plan have a Deferment Period. It is the duration between the commencement of policy and commencement of risk. There is no insurance cover during the deferment period.

Q 16. Which type of insurance is mortgage insurance ?

- ☐ Unit Linked
- ☐ Whole life
- ☐ Increasing term
- ☐ Decreasing term
- ☐ Flexi term

☒ UnAttempted

CORRECT ANSWER:

Decreasing term

Explanation:

In Decreasing term insurance, the sum assured or benefit decreases over the term period and is targeted towards individuals whose financial obligations decrease over time.

In due course of time an individual might be able to pay off the debts such as repayment of home mortgage loan, car loan and others and hence the liabilities decrease over time.

Q 17. What is the excess in the life fund called as ?

- ☐ Surplus
- ☐ Value stock
- ☐ Bonus
- ☐ Actuarial profit
- ☐ Policy holder reserve

☒ UnAttempted

CORRECT ANSWER:

Surplus

Explanation:

The excess in the life fund is called 'surplus'. This is also called 'valuation surplus' or 'actuarial surplus'.

Q 18. Life assurance is viewed as a _____ rather than a product for _____ .

- ☐ Compulsion , Investment
- ☐ Tax saving scheme, Investment
- ☐ Saving method, Protection against risk
- ☐ Investment, Future protection
- ☐ Long term saving, Investment

☒ UnAttempted

CORRECT ANSWER:

Tax saving scheme, Investment

Explanation:

Most of the investors invest in Life Assurance products for the tax benefits rather than a product for risk protection / investment.

Q 19. What is an insurance firm known as which is owned by the policy holders ?

- ☐ Client Insurance Company
- ☐ Subscribers Assurance Co-operative
- ☐ Mutual insurance company
- ☐ Stock insurance company
- ☐ Re-insurance company

☒ UnAttempted

CORRECT ANSWER:

Mutual insurance company

Explanation:

A mutual insurance company is an insurance company owned entirely by its policyholders.

Any profits earned by a mutual insurance company are rebated to policyholders in the form of dividend distributions or reduced future premiums.

Q 20. A policy holder can lodge complaint with the insurance regulator IRDA through _____. a) Telegram b) Newspaper c) Toll Free Number d) E mail

- ☐ Only option (a)
- ☐ Only option (c) and (d)
- ☐ Only option (b) and (d)
- ☐ Only option (c)
- ☐ All of the above options

☒ UnAttempted

CORRECT ANSWER:

Only option (c) and (d)

Explanation:

A complaint can be lodged by calling up the IGCC (IRDA Grievance Call Centre) on the toll-free number 155255 or by sending an email to the IRDA at complaints@irda.gov.in

Q 21. Which are the two primary needs of an insurance customer ?

- ☐ Growth and Savings
- ☐ Retirement and Protection
- ☐ Investment and Retirement
- ☐ Investment and Life needs
- ☐ Investment and Protection

☒ UnAttempted

CORRECT ANSWER:

Investment and Protection

Explanation:

While investing in insurance, individuals not only want security against unforeseen circumstances, but also good returns on their hard earned money to make provisions for retirement, children education and marriage. Traditional plan provides protection and ULIP plans refer to investments.

Q 22. What is the insurance premium called which is calculated after taking into account the interest likely to be earned ?

- ☐ Interest Premium
- ☐ Net Premium
- ☐ Risk Premium
- ☐ Gross Premium
- ☐ Raw Premium

☒ UnAttempted

CORRECT ANSWER:

Net Premium

Explanation:

Net Premium or Pure Premium is the premium worked out after taking into account the interest likely to be earned.

Net premium gives impact of interest earnings and reduces premium to be charged.

Q 23. What does Term Insurance provide ?

- ☐ Term Insurance provides for death benefits with accrued bonus
- ☐ Term Insurance provides for periodic payments
- ☐ Term Insurance provides for death benefits if the insured dies
- ☐ Term Insurance provides for death as well as survival benefits
- ☐ None of the above

☒ UnAttempted

CORRECT ANSWER:

Term Insurance provides for death benefits if the insured dies

Explanation:

Term insurance covers only death benefit without any savings element.

Q 24. What is the minimum education qualification required to be appointed as an insurance agent ?

- ☐ SSC (10th)
- ☐ HSC (12th)
- ☐ Graduation
- ☐ Post Graduation
- ☐ Depends on the population of the place

☒ UnAttempted

CORRECT ANSWER:

Depends on the population of the place

Explanation:

The agent should have passed 10th or 12th or equivalent examination depending on the population of the place where he / she is located.

- Q 25. Mr X, a policy holder request his insurance agent for guidance on submitting a claim for a maturity benefit on his life insurance policy. The agent declined this request as he was very busy. Consequently this action is deemed to be breach of _____.
- ☐ Code of conduct prescribed by AMFI
 - ☐ Code of conduct prescribed by LIC of India
 - ☐ Code of conduct prescribed by IRDAI
 - ☐ Code of conduct prescribed by Insurance Council
 - ☐ Membership rules of Insurance brokers association of India

☒ UnAttempted

CORRECT ANSWER:

Code of conduct prescribed by IRDAI

Explanation:

The regulations are framed by the IRDA which lay down the code of conduct of an Insurance Agent.

- Q 26. Which of these offers life insurance protection and also the benefit of equity investments ?
- ☐ ELSS
 - ☐ ULIP
 - ☐ Sectoral Fund
 - ☐ GSLI
 - ☐ None of the above

☒ UnAttempted

CORRECT ANSWER:

ULIP

Explanation:

ULIP (Unit Linked Insurance Plan) is a life insurance product, which provides risk cover for the policy holder along with investment options to invest in any number of qualified investments such as stocks, bonds or mutual funds. As a single integrated plan, the investment part and the protection part can be managed according to specific needs and choices.

- Q 27. What type of group is required to introduce a group insurance scheme ?
- ☐ A big group person having atleast 50 members
 - ☐ A small group of persons having 5 members
 - ☐ A Homogeneous group
 - ☐ A Mixed group of different communities
 - ☐ A Mixed group of different salaried people

☒ UnAttempted

CORRECT ANSWER:

A Homogeneous group

Explanation:

A Group Insurance can cover employees, creditors, members etc. involved in same activity.

Homogeneous basically means similar.

- Q 28. Which of these options is a Non Variable Annuity contract whose interest crediting mechanism is tied to some external index ?
- ☐ Equity Indexed Annuity
 - ☐ Debt Indexed Annuity
 - ☐ Variable Annuity
 - ☐ Flexible Premium Indexed Annuity
 - ☐ None of the above

☒ UnAttempted

CORRECT ANSWER:

Equity Indexed Annuity

Explanation:

Equity Indexed Annuity is non variable annuity and there is assurance of minimum interest. Generally linked to an index like S&P or Nifty.

Nearly all Equity Indexed Annuity's in the marketplace today are fixed annuities with an interest credit that varies according to changes in an external market index, subject to a guaranteed minimum crediting rate.

- Q 29. In which of these cases do you see Insurable Interest and so a policy can be taken ?
- ☐ A man can take a policy on the life of a friend to whom he has lent money
 - ☐ An employer can get his employees insured
 - ☐ A father can take a policy on the life of his son who is 13 years old
 - ☐ All of the above
 - ☐ Only 2 and 3 above

☒ UnAttempted

CORRECT ANSWER:

All of the above

Explanation:

Insurable Interest is there in below mentioned cases :

- > a husband has insurable interest in the life of the wife and vice versa
- > an employer has insurable interest in their employee to the extent of the value of their services
- > an employee has insurable interest in their employer to the extent of their remuneration for the period of notice
- > a creditor has insurable interest in the life of the debtor, to the extent of the debt
- > partners have insurable interest in the lives of each other to the extent of the respective financial stakes
- > a surety has insurable interest in the life of their co-surety to the extent of the debt and also on the life of the principal debtor
- > a company has insurable interest in the life of a key valuable employee (keyman)

If members of a family are in business together or there are other financial relationships, insurable interest arises out of the financial involvement and the business ties, not the family ties. It is presumed that parents have an insurable interest in the life of a child, for as long as he/she is a child. The insurable interest ceases when the child becomes a major.

Q 30. On which aspects do the insurance companies have to focus to achieve the best in class service ?

- ☐ Agents, clients, premium
- ☐ Products, rates, premium
- ☐ People, resources, processes
- ☐ Products, re-insurance, pricing
- ☐ Pricing, re-insurance, products

☒ UnAttempted

CORRECT ANSWER:

People, resources, processes

Q 31. Annuities are basically the same as _____.

- ☐ Interest
- ☐ Pay backs
- ☐ Pension
- ☐ Gratuity
- ☐ Dividends

☒ UnAttempted

CORRECT ANSWER:

Pension

Explanation:

Annuities are investments made by an individual with the aim of receiving regular income on a periodic basis after a specified period or immediately. Individuals invest in annuity to meet their post retirement or old age financial needs.

The concept of annuity is similar to pension, which an employee receives from their employer after retirement.

Q 32. Whom can a policy holder approach if he / she is not satisfied with the award of the Insurance Ombudsman ?

- ☐ IRDA
- ☐ SEBI
- ☐ Commerce Ministry
- ☐ Consumer Forum and Court of law
- ☐ Institute of Actuaries of India

☒ UnAttempted

CORRECT ANSWER:

Consumer Forum and Court of law

Q 33. _____ pool is separately maintained by insurance companies.

- ☐ Car Insurance
- ☐ Home Insurance
- ☐ Life Insurance
- ☐ Travel Insurance
- ☐ All of the above

☒ UnAttempted

CORRECT ANSWER:

All of the above

Explanation:

Pooling of risks is one of the fundamental principles of insurance.

With pooling of risks an insurance company pools the premium collected from several individuals to insure them against similar risks. The insurance company maintains different sets of pools for different risks.

Separate pools will be maintained by insurance companies for : Life Insurance , Car Insurance, Home Insurance and Travel Insurance.

The premium collected from the individuals is deposited in the pool accounts. When there is a claim to be settled it is paid out of this pool.

Q 34. The surrender value of an insurance policy is a percentage of the _____ .

- ☐ Issued Value
- ☐ Paid up Value
- ☐ Sum Assured
- ☐ Final Value
- ☐ Collected Premium

☒ UnAttempted

CORRECT ANSWER:

Paid up Value

Explanation:

Surrender Value is the amount the policyholder will get from the life insurance company if he decides to exit the policy before maturity.

The calculation of surrender value is done after paid up value calculation, as paid up value is needed for the calculation of surrender value.

$\text{Paid Up Value} = (\text{Number of Premiums paid} \times \text{Sum Assured}) / \text{Total no. of premiums payable.}$

Q 35. In which policy is the premium paid only for a single time on the commencement of policy ?

- ☐ Bulk payment policy
- ☐ Single premium policy
- ☐ Money back policy
- ☐ Salary saving scheme policy
- ☐ Annual Policy

☒ UnAttempted

CORRECT ANSWER:

Single premium policy

Explanation:

Single premium policy is a policy paid through a single premium payment at the beginning of the term, rather than premiums paid over a longer period of time.

- Q 36. Which of the following are acceptable as standard age proofs ? A) Certificate of baptism or certified extract from family Bible, if it contains age or date of birth B) Certified extracts from school records C) Valid Passport D) Certified extracts from Municipal records made at the time of birth E) Identity cards issued by defense department in case of defense personnel
- ☐ Only Statements B and C are correct
 - ☐ Only Statements A, B, C and D are correct
 - ☐ Only Statements B and D are correct
 - ☐ Only Statements B, C and E are correct
 - ☐ All the statements are correct

☒ UnAttempted

CORRECT ANSWER:

All the statements are correct

Explanation:

Some of the standard age proofs acceptable to life insurance companies are:

- > certified extract from Municipal or other records made at the time of birth
- > certificate of baptism
- > certified extract from school or college records
- > certified extract from the service register in the case of employees of Government or quasi Government institutions and reputed commercial and educational institutions
- > passport within its validity period
- > identity cards issued by Defence department in case of defence personnel
- > Driving License within its validity period.
- > any other document where the date of birth has been proved on the basis of one of the other standard proofs of age acceptable to insurance companies.

- Q 37. How should the selling be in a professional insurance market ?

- ☐ It should be profit based selling
- ☐ It should be margin based selling
- ☐ It should be product based selling
- ☐ It should be commission based selling
- ☐ It should be need based selling

☒ UnAttempted

CORRECT ANSWER:

It should be need based selling

Explanation:

Each prospective buyer has special needs and requires specialized solutions. So the selling of insurance has to be according to the needs of the buyer and not for profits / commission etc.

- Q 38. If a Mohammedan takes a policy under the Married Women Policy Act, which of the foll shall apply ? 1. He cannot bring all wives & children into the policy as a class 2. There should be atleast two more beneficiaries 3. Benefits given to each wife and the children from her have to be classified separately

- ☐ Both 1 & 2 shall apply
- ☐ Both 2 & 3 shall apply
- ☐ Both 1 & 3 shall apply
- ☐ None of these shall apply
- ☐ All of these shall apply

☒ UnAttempted

CORRECT ANSWER:

Both 1 & 3 shall apply

Explanation:

'There should be atleast two more beneficiaries' is not a compulsion under the MWP act.

As per the policy :

Mohammedan

- > An individual cannot make a trust as a "class" on the name of his wife or children. There is a condition that the wife and the children should be named persons and must be existing on the date of the policy.
- > In case there are two or more than two beneficiaries, the proposer cannot mention that the benefit could go to them jointly or to the survivors or survivor of them. He should define the total share of each beneficiary.

Q 39. In reality, most people who opt for insurance are proportionately healthy. However, the mortality tables published by Govt. of India shows probabilities of healthy people dying within a specified period. What is this mismatch called ?

- ☐ Wrong probability
- ☐ Calculated mismatch
- ☐ Inverse selection
- ☐ Favourable selection
- ☐ Adverse selection

☒ UnAttempted

CORRECT ANSWER:

Adverse selection

Explanation:

In the case of insurance, adverse selection is the tendency of those in dangerous jobs or high-risk lifestyles to get life insurance. To fight adverse selection, insurance companies try to reduce exposure to large claims by limiting coverage or raising premiums.

Q 40. What will the underwriter do if he feels that the risk is more ?

- ☐ He will decline the risk
- ☐ He will accept the risk
- ☐ He will accept the risk of Ordinary Rates (OR)
- ☐ He will accept with lien
- ☐ Both 1 and 4 are correct

☒ UnAttempted

CORRECT ANSWER:

Both 1 and 4 are correct

Explanation:

If the risk is more controlled sum assured –lien or decline takes place.

Q 41. The rider premium for accidental death benefit must not exceed _____ .

- ☐ 10% of base policy premium
- ☐ 20% of base policy premium
- ☐ 25% of base policy premium
- ☐ 50% of base policy premium
- ☐ There is no such allocation

☒ UnAttempted

CORRECT ANSWER:

There is no such allocation

Q 42. The mechanism of insurance is to _____ .

- ☐ reduce the impact of adverse event on liquid assets
- ☐ reduce the impact of adverse event on fixed assets
- ☐ reduce the impact of adverse event on current assets
- ☐ reduce the impact of adverse event on non value generating assets
- ☐ reduce the impact of adverse event on value generating assets

☒ UnAttempted

CORRECT ANSWER:

reduce the impact of adverse event on value generating assets

Explanation:

The business of insurance relates to the protection of the economic value of assets. An asset is valuable to its owner because they expect some benefits from it.

The benefit can be in the form of income generated from the asset (giving a car on rent) or convenience (using the car for their own travel).

Human beings are also assets in the sense that they have the capacity to generate income themselves.

Q 43. With what is the business of insurance is connected with ?

- ☐ Current value of asset
- ☐ Intrinsic value of asset
- ☐ Economic value of asset
- ☐ Physical value of asset
- ☐ Market value of asset

☒ UnAttempted

CORRECT ANSWER:

Economic value of asset

Q 44. Mr. Shirish had purchased a life insurance policy and in a few days he felt he was not satisfied with the policy benefits. What option is available to him ?

- ☐ No option but to accept the policy as the documents have been already been signed
- ☐ He can file a complaint with the insurance agent
- ☐ He can file a complaint with the insurance ombudsman
- ☐ He can file a complaint with the Consumer Forum
- ☐ He can send the policy back to the insurer within 15 days of receiving the policy document

☒ UnAttempted

CORRECT ANSWER:

He can send the policy back to the insurer within 15 days of receiving the policy document

Q 45. Which of these is / are calculated taking into account likely future experiences in respect of mortality, interest and expenses.

- ☐ Rider benefits
- ☐ Bonus
- ☐ Risk cover
- ☐ Premium
- ☐ Sum assured

☒ UnAttempted

CORRECT ANSWER:

Premium

Q 46. A person is paying health insurance premium for his family which consists of himself, his wife and two children aged 6 and 10 years. Premiums for which of these individuals will qualify as deductions from the years taxable income ?

- ☐ His own only
- ☐ His own and wife only
- ☐ His own, his wife and his elder child
- ☐ His own, his wife and his younger child
- ☐ All family members

☒ UnAttempted

CORRECT ANSWER:

All family members

Explanation:

Individual assessee can claim deduction for premiums paid towards health insurance of self, spouse, parents and children.

Q 47. If an agent collects the premium from a policy holder and remits it to the insurance company, he is acting as an agent of _____.

- ☐ Policy holder
- ☐ Insurance company
- ☐ SEBI
- ☐ IRDAI
- ☐ Broker

☒ UnAttempted

CORRECT ANSWER:

Policy holder

Explanation:

The Client is the Principal and the insurance agent is the agent of the principal.

Just as like a lawyer who is the agent of the client, when they argue a case in court, similarly the insurance agent is the agent of the policy holder.

Q 48. What is the level premium figure called which is arrived at after loading the net premium or pure premium ?

- ☐ Risk Premium
- ☐ Office Premium
- ☐ Investment Premium
- ☐ Mortality Premium
- ☐ Extra Premium

☒ UnAttempted

CORRECT ANSWER:

Office Premium

Explanation:

The major expenses of an Insurance Company are salaries to employees, Commission, Electricity etc. There are known as office expenses.

The level premium figure arrived at after loading the net premium or pure premium is called Office Premium.

Q 49. What is the minimum age required to enter into a contract of insurance ?

- ☐ 13 years
- ☐ 18 years
- ☐ 20 years
- ☐ 21 years
- ☐ 24 years

☒ UnAttempted

CORRECT ANSWER:

18 years

Q 50. In which part of policy document is the address of insurance ombudsman mentioned ?

- ☐ Terms and conditions
- ☐ Preamble
- ☐ Information statement
- ☐ Schedule
- ☐ Operation clause

☒ UnAttempted

CORRECT ANSWER:

Information statement
